Marie Sudbury Thunder Bay Become an Instructor First Aid 4U offers superior quality Instructor Training. Our experienced Instructor Trainers run leadership courses throughout Ontario. She was great made me just want to learn more and more. Katie Squires 25 Sep 19 I have to recert every year and truth be told don't look forward to it. Tonight, the instructor Hawley actually made it enjoyable. I was engaged and learned practical information. Would request him again. Ayotomiwa Ogundipe 17 Sep 19 Great, facilitators. It was an amazing experience for me. My facilitator made it real and easy. Thank You Trisha Buisson 29 Aug 19 What an experience with my first time doing standard first aid and CPR. Our instructor Michelle was amazing. Very knowledgeable, very highly certified in what she does. An emergency situation arose while in class and she was quickly into action and we worked as a team. It was quite the hands on experience of a crucial time of emergency and I will never forget this as long as I live. It has given me the confidence to be sure of my self when in need to apply this information and encourages me to seek volunteering. Truly an amazing experience and learned tremendously. Couldn't be more happy with not only the course but Michelle being extremely good at teaching it, and making me feel confident about it. I hope to see her again one day helping side by side when in need! 911 first, but I would love to have u as my rescue if ever needed. Lol Matthew Stecher 25 Aug 19 Hawley was an awesome instructor and was very informative throughout both sessions.

It was also nice to have access to a course out here in the West End. I would have had to travel across town to take it otherwise. This Course Covers To remain certified, a Red Cross recertification course must be taken prior to your original certification's expiration date. A previous recertification does not meet this criteria.

If you arrive at your course without proper proof of certification, we reserve the right to remove you from the course without a refund. The Recertification program is important as it informs participants on new standards of First Aid that may have come out since they last took the Standard First Aid

course. The course teaches techniques for sustaining life, preventing further injuries, and caring for illnesses and injuries until the next level of medical personnel arrives. Includes CPR level C and AED” Source CRC FR Fact Sheet . To remain certified, a Red Cross recertification course must be taken prior to your original certification’s expiration date. Course is for those providing a professional level of emergency response including firefighters, lawenforcement officers, and emergency medical services personnel. Includes CPR level C and AED. Meets the Paramedic Association of Canada National Occupational Competency Profiles for the practitioner level of emergency medical responder EMR” Source CRC EMR Fact Sheet . It is also the standard to which all SERT members are trained. To remain certified, a Red Cross recertification course must be taken prior to your original certification’s expiration date. To remain certified, a Red Cross recertification course must be taken prior to your original certification’s expiration date. No! SERT’s first aid courses are available to everyone. You do not need to be enrolled at Western to take a course, they are simply held on the Western campus. We invite members of the London community to take part in a course with us. Once you have completed your registration you will receive an email providing you with location information. Generally all SERT courses are held in the basement of the UCC but please refer to your email for the exact room number. If you have any questions or concerns, please feel free to contact SERT. Yes, there is complimentary parking available on weekends at Western.

We recommend participants park in the Springett lot which is close to the University Community Centre. More information can be found here. If you are taking a recertification course, you must additionally bring a current Red Cross certification at the same level as the recertification course you are taking. Note, if you already hold a Red Cross recertification, a full course must be completed instead. For example, if you are taking a Standard First Aid and CPRC recertification course on August 16, 2013, you must bring a current, Red Cross Standard First Aid and CPRC certification card with an expiry date of August 16, 2013 or later. SERT is Canadian Red Cross training partner. All course materials will be provided on the day of certification or recertification course dates. Yes! All the information that is taught in the course can be found on the free Red Cross App, available for iPhone and Android. It’s a great way to review your first aid knowledge on the go, and it makes this information easily accessible during an emergency. You can also download a pdf of an extended version of the inclass reading materials here. A minimum of 8 people is required to set up a group rate course. No refund will be given for participants who fail to show up to a course. If you wish to take another course, you must pay the full course price again. In the instance of extenuating circumstances, please contact the Education Coordinator. Participants learn problem solving and decision making skills, in addition to rescue skills required to respond to an aquatic emergency. It is recommended that swimmers have completed the Swim Patrol or Swim Kids 10. Recommended Ages 10-13 years Emergency First Aid with CPR “B” will also be taught concurrently.
